

Technology minded Fred keeps working through leave

Melinda Caudill at Julia R. Ewan Elementary had a baby this past year, but even during maternity leave she continued to update our school Web site and stayed on top of all that was going on at school. She has been more than willing to help those of us who are not technology minded to set up our Web sites as well as take her free summer time to work with us on our summer professional development. We could not have gotten it finished without her help and she is always willing to put things on the Web site for staff and parents. She never acts upset or frustrated in the least.
