

We Need You and Your Ideas!

A new advisory group is being formed in Fayette County to help improve the services provided to students with special needs. The Special Education Advisory Council will be comprised of parents/guardians, district employees, private service providers, professionals and community advocates who will inform, advise and provide feedback and input to the Fayette County Public Schools Special Education Department on special education issues. The group will meet every other month. **Applications are now being taken** ... please help us spread the word about this opportunity. Everyone who is interested in making sure that our students with special needs are served well is welcome. To get an application, call the Special Education Department at 381-4171. Read [bylaws](#) for the group.
