

### **A cool ride on a hot day**

Earlier this year we had a kindergarten child whose parent was not at the bus stop to pick her up. Because of the extreme heat, the child was brought to the Liberty Road bus garage. The mother was finally contacted and she came over in a taxi to pick up her child, but she was unable to pay for the ride home. **Mary Winburn**, out of the kindness of her big heart, drove the mother and child home – which was across town from her own home – and asked for nothing in return. Mary Winburn is a true Fred if there ever was one.
