

Ms. Lynn Schaffer and the **Pegasus Team** of teachers at **Beaumont Middle School** deserves a Fred because of their outstanding response to parents and the ability to connect with the students. As a new family at Beaumont Middle, we were very nervous about the transition from elementary to middle school. This team of teachers and the school as a whole have outdone themselves on meeting the needs of the incoming sixth grade class. It started with a great Camp Beaumont, followed by a cook out and parent meeting with all team teachers. The information given was outstanding. The students were made to feel welcome and it relieved a lot of anxiety. The team continues to be helpful, responding to email and requests to meet when needed. I am looking forward to a great year this year and the next three years at Beaumont Middle School.
