

**Katina Brown** goes above the call of duty everyday. She is always willing to lend a hand not only to the students but the staff as well. I am a new teacher here at **Leestown** and Katina has really stepped in and assisted me with anything I've needed. If she does not know the answer she will use her resources to find it. One day in particular I needed assistance filling out paperwork necessary for an upcoming meeting. Mrs. Brown stayed after school with me for about 2 hours to sit with me and show me how to correctly fill out the paperwork. She is constantly lending a helping hand. She keeps a positive attitude and a smile on her face. Katina is one the greatest teachers in Fayette County.
