

Sara Chaffin is a Fred because she goes above and beyond in our school. She is the head coach of our volleyball team and spends so much of her time even in the summer preparing not only for practices and games, but for fun team bonding activities for the girls. When she is not coaching and promoting volleyball in Fayette County she spends most of her nights at JCMS. She is usually here until about 7 or 8 p.m. every night. During this time she is planning, grading, making phone calls and whatever else she needs to do to make her teaching experience a great one. She loves making children happy and teaching in an exciting and interactive way. Students love her class! Sara also has a lot of school spirit and plans almost every pep rally we ever have in our building. That was her most memorable time in school and she wants to bring the joy she felt to our middle schoolers at **Jessie Clark**. She is very creative and the students always have a blast! Sara Chaffin is a Fred because she loves what she does and does a fantastic job!
