

The **Yates Elementary School** third grade team teachers of **Kara Burton, Michelle DiBenedetto and Teresa Howard** stayed for hours after school sharing ideas of activities that are currently working well with their students to assist the **Tates Creek Elementary** third grade team of **Denise Finley, Karen Roser, Leslie White and Dee Patrick**. These tremendous educators went "above & beyond" by not only verbally sharing and showing us their classrooms, but by having their ideas and materials they have created in packets - complete with explanations - ready for the arrival of the **Tates Creek** team. This is a perfect example of the support and sharing of ideas that are currently happening with teachers across our wonderful school district. Three cheers to the **Yates** team! Respectfully submitted by **Denise Finley, Karen Roser & Leslie White**
