

Judy Blakeman went above and beyond for our family. My son was having surgery, and I informed Mrs. Blakeman so she could be aware. Well, she found an article about children and having surgery and cut it out and mailed it to us. I just felt with over 700 children at Veterans Park Elementary, for her to take such a sincere effort in making my son feel special was above the call of duty. Mrs. Blakeman showed true compassion for him, and that is truly appreciated.
