

Millcreek boasts two Doodle finalists

Sarah Bezerra was among 40 regional finalists in the nationwide Doodle 4 Google contest, and **Raven Graves** was a state finalist. Both are third-graders at Millcreek Elementary School.

The art competition asked students to design a Google logo or “doodle” inspired by the question “What if ...?” The winning doodle will be displayed on the Google homepage on May 22, and the champion will get a \$10,000 college scholarship and a \$25,000 technology grant for his or her school.

The public had a week to vote online to decide the four national finalists. (Voting closed Sunday May 18.)

Sarah and the other regional winners are invited to the Doodle 4 Google awards ceremony May 21 at the Googleplex in Mountain View, Calif., where the finalists and overall winner will be announced.

Sarah’s text:

What if there was not spring ... Could we still see those beautiful and colorful flowers? If there weren’t flowers, could butterflies and bees get the pollen? If there were not butterflies and bees, who would take the pollen to grow other flowers? Spring is a beautiful and colorful season.

Raven’s text:

What if Google was a dragon that could fly through all Web sites to get the information you need? It would be so fast that it would set your computer on fire.
