

Technology: ‘Unlocking the Future’

Awesome projects and great team events highlighted the Kentucky Technology Student Association’s state conference, where kids competed in such categories as a technology bowl and graphic design challenge.

Also at the conference, the 2008-2009 state officers were elected. They include Kathryn Hays (Paul Laurence Dunbar), president; Andrew Barnott (Tates Creek), vice president; Sara Trout (Tates Creek), secretary; and Lauren Shields (Southern Middle School), sergeant at arms.

The state TSA conference, themed “Unlocking the Future,” was March 20-22 in Louisville. The national TSA conference will be June 28-July 2 in Orlando, Fla.
