

**Lisa Kear** always goes the extra mile with the children at Liberty Elementary. When my son, who is in kindergarten, was having difficulty with separation issues, she made sure she was outside waiting for us every morning so that he would have a consistent routine for entering the school. She greeted him cheerfully and sometimes even walked him all the way to his classroom. She made everything go so much smoother. He now is very excited to see Ms. Kear when he arrives at school each morning. She made our transition from preschool to kindergarten a very successful adventure.
