

Don't miss mandatory open enrollment

Friday Oct. 24 is the deadline for open enrollment for health, dental, vision, Unum life/AD&D, disability, cancer check and flexible spending accounts. There will be no exceptions or extensions.

Because of changes to the 2009 health insurance plans offered through the state, this is a **mandatory** enrollment for health insurance, flexible spending and health reimbursement accounts. That means every employee must enroll regardless of whether you choose a health insurance plan, you waive your health insurance and get a health reimbursement account (HRA), or you have a FSA.

If you do not enroll by Oct. 24, you will forfeit your health insurance benefits for 2009, and you will not be eligible for the HRA funds provided to employees.

You must enroll online at <http://kehpn.ky.gov> using your ID and password mailed to you by the state. If you misplaced your ID or password, call the KEHP ID Hotline at **(866) 302-5632**.

If you have questions or need assistance, please consider attending one of the help sessions:

- Oct. 22: Tates Creek High School library, 3:30 to 5 p.m.
- Oct. 23 and 24: It's About Kids Support Services, Norsworthy foyer; noon to 5 p.m.
