

Help Wanted: Interpreters and translators

If you speak, read and write another language besides English or have a friend who does, the English as a Second Language office at Fayette County Public Schools needs your help. We are recruiting interpreters and translators to help with school meetings and student assessments. Interpreters will be provided a contract and paid an hourly rate for this part-time work.

Proficiency in speaking, listening, reading and writing in both English and another language is crucial. For more information about this opportunity, contact [Martha Rodriguez](#) or [Susan Prout](#). To be considered, complete a volunteer application online with [Human Resources](#).
