

Stephanie Wayne, of bus 722 out of the Liberty Road terminal, went beyond her duties as a bus driver. Southern Elementary had two students enroll on a Thursday and ride the morning bus to school. The driver recognized the tags (they still had their old tags from Millcreek) and wouldn't drop the students off at Southern. Instead, she drove her bus to Millcreek and escorted the students to the office, where she was informed that they truly had transferred to Southern. She then returned the two kids to Southern Elementary. Stephanie was certainly on the ball and went the extra mile to keep these children safe and make sure they were where they belonged.
