

I recently had a mild heart attack while at **Bryan Station Traditional Magnet School**. Principal James Thomas and several staff members encouraged me to seek medical attention, which I was reluctant to do at first. Mrs. Sherrie Rose was great in getting a sub in to cover for me, and Mrs. Karol Duncan was wonderful getting the academic team match cancelled and getting messages to and from other staff. Thanks to Mrs. Amy Sanders for covering until my sub got there. Mr. Alan Mayes is a wonderful ambulance driver – thanks, Alan, for taking me to the hospital. ... Thanks to all who were concerned and kept me and especially my family in their thoughts and prayers.
