

## Write it down – weather make-up days announced

So far this school year, Fayette County students have missed two days of school because of winter weather. Under state guidelines, that learning time must be made up.

Please adjust your calendars at home to take note that **Friday, Feb. 13, and Friday, March 6** will now be regular school days. The district's original academic calendar called for students to be off on those days, but designated them as possible weather make-up days. Because snow and ice closed schools Dec. 16, students and staff are expected to be in school Feb. 13. (Schools will still be closed Monday Feb. 16 for Presidents' Day.) Since frigid temperatures forced schools to close on Jan. 16, that time will be made up on March 6.

Also, since there is no primary election this spring, **Tuesday May 19** will be a weather make-up day if needed. The original school calendar indicated students would be off that day, but now that it has been confirmed that there is no election, we will be able to use that day as a possible weather make-up day.
