

## Help Wanted: Interpreters and Translators

Are you a **fluent speaker, reader and writer** in English and another language? The English as a Second Language Department at Fayette County Public Schools needs interpreters/translators for all languages, **except Spanish**, including Japanese, Chinese, Vietnamese, Albanian, Bosnian, Nepali and French.

The position is paid at an **hourly rate** based on a school's need for interpreters at meetings, evaluations and parent conferences. **No specific number of hours can be guaranteed, and interpreters will be contacted on an as-needed basis.**

Find out more under [Human Resources](#); click on the **volunteers** link to complete that application, which includes a criminal background check. The last step is to choose a **location**, such as a particular school.

After completing this process, e-mail [Martha Rodriguez](#) or [Susan Prout](#).
