

The three ladies who work the “car riders” area during school dismissal (**Christy Coffey**, fourth-grade teacher; **Missy Hagans**, science teacher; and **Tara Bowling**, ESL teacher) are a godsend. No matter the weather, no matter what type of day they have had – they are always a perfect example of what makes Southern Elementary special. They wave, they smile, they hug kids, they say “Hi, how are you?” If I look forward to nothing else, I know that I can pick up Brenna and see a smiling face. Hats off to these ladies!
