

**Raylene McCoy** joined the staff at Lansdowne Elementary this year as head custodian. I knew the moment we received an e-mail from her over the summer introducing herself and making herself available to everyone, we were so fortunate to have her. Every single day, Raylene works to make our school look incredible and always goes above and beyond. During flu season, for example, Raylene was at school early disinfecting everything! She deserves recognition and to know her hard work does not go unnoticed.
