

Kudos

To **Henry Clay High School**, whose entry “Differences Realized Together” won top honors in the Governor’s Diversity Day video contest. In past years students traveled to Frankfort for a day of cultural learning experiences and presentations. This year, schools were encouraged to celebrate at home with a schoolwide assembly, essay contest or multicultural feast. Students also were asked to submit videos tailored around the theme “The Importance of Diversity.” For more on Diversity Day and to view the top videos, visit <http://personnel.ky.gov/diversity/diversityday>.
