

Our principal, **Betsy Rutherford**, goes over and beyond the call of duty for all students at Russell Cave Elementary. We had two students who had no one to meet them at the bus stop, so they were taken to the Liberty Road bus garage. Ms. Rutherford went to the garage and called neighbors and other children who lived near these students and got in touch with the mom and stayed with the students until after 8 p.m. Ms. Rutherford is very thoughtful – she believes kids come first, but she would do the same thing for her any of her staff. I have seen this firsthand.
