

Kudos

To three FCPS students who participated in the “Energizing Kentucky” conference. **Zachary Byrd**, a sixth-grader at Morton Middle School, presented “Loop the Loop;” **Robert Wendroth**, a seventh-grader at SCAPA Bluegrass offered “Spinning Blades of Glory;” and **Josephine Wendroth**, a fourth-grader at SCAPA, created “Skateboard for Sail: What is the effect of a sail’s shape on a boat speed?” for the K-12 energy poster session, held April 16 at the Hyatt Regency. The conference emphasized developing the next generation of science, technology, engineering and math professionals to pursue sustainability and alternative energy sources.
